FGV Embarks on a New Chapter Following Delisting from Bursa Malaysia

Kuala Lumpur, 25 August 2025 - FGV Holdings Berhad (FGV) today announced that it will be officially delisted from the Main Market of Bursa Malaysia Securities Berhad starting 28 August 2025, following approval of its application submitted on 15 August 2025.

The exercise is a strategic move that allows FGV to operate with greater agility, strengthen its position as a leading agri-business and Malaysia's food company, and align more closely with its major shareholder, the Federal Land Development Authority (FELDA). This decision is not the end of FGV's growth story, since its listing in 2012. It is a transformational journey that will position the Group to deliver stronger long-term value for its stakeholders.

FGV reaffirmed that its current operations, stakeholders' commitments, and community-focused initiatives will continue as planned, with no disruption to business activities. The Group remains steadfast as a partner in nation building by fulfilling its zakat obligations, driving diverse community-aid programmes, and empowering FELDA settlers as the heart of its mission. These commitments will continue to be guided by the principles of shareholders value, sustainability, transformation & innovation and shared prosperity.

"This is a strategic move that strengthens our alignment with FELDA. It positions us to focus on sustainable growth, operational excellence, and long-term value creation for our stakeholders. We remain fully committed to moving forward together with FELDA for the benefit of our employees, settlers, and the communities we serve," said Fakhrunniam Othman, Group Chief Executive Officer of FGV.

FGV also underscores that integrity, governance, and transparency will remain central to its transformation journey. The Group is committed to embedding the highest standards of governance across its operations, ensuring that every decision is guided by accountability, trust, and the long-term interests of its stakeholders.

"FELDA settlers are not just suppliers of Fresh Fruit Bunches (FFB) to FGV. They are our partners in every step of our journey. Today, more than 70 percent of our FFB comes from FELDA settlers and smallholders, and this partnership is about much more than numbers. It is built on trust, shared responsibility, and a legacy we are proud to carry forward together," Fakhrunniam added.

Continuing Our Commitment to People and Nation

As FGV embarks on this new chapter, the Group also reflects on the heart of its mission, which is the people who drive its success. In conjunction with the upcoming 68th Merdeka

and Hari Malaysia celebration, FGV launched 'Warkah Dari Ladang', a short film that celebrates the dedication of plantation workers, who are the unsung heroes of Malaysia's agri-business sector.

The film follows Syamsul, a young worker who once dreamed of leaving the plantation for life in the city. Through days spent with his seasoned and respected colleague, Syamsul begins to see the plantation not as a place of limitation, but as a land of resilience, sacrifice and shared dreams. He learns that every drop of sweat in the plantation fields carries the weight of a family's hope and the pride of contributing to Malaysia's progress.

"Our people are the foundation of who we are. 'Warkah Dari Ladang' is our way of honouring the sacrifices of plantation workers, the unsung heroes who have long supported Malaysia's growth as a major agri-business nation. As we step into this new chapter as a company, we remain proud to stand with our people as we continue our journey together," said Fakhrunniam.

He added, "This film is more than a story. It is a tribute to the men and women who work tirelessly on the land so that Malaysians everywhere can enjoy food on their tables. It is a reminder that dignity is found in honest work, and that the spirit of Merdeka lives in every palm, every harvest, and every life nurtured in the plantations."

Reflecting Malaysia's diversity, the film also portrays how individuals of different backgrounds and cultures come together, united by the same purpose to build a better future for their families and for the nation. It is a story of pride, perseverance and unity, values that FGV carries as it enters its new chapter.

"We are deeply thankful to all who have stood with FGV throughout our journey as a public-

listed company since 2012. As we move into the next chapter, we remain dedicated to strengthening our position as a leading agri-business while continuing to be your trusted culinary companion through our food products, delivering quality and value to every Malaysian home," said Fakhrunniam.

'Warkah Dari Ladang' will be prominently featured across FGV Holdings' social media platforms including Facebook, Instagram, TikTok, LinkedIn and YouTube as well as at www.fgvholdings.com.
