FGV Governance & Integrity Day 2019

FGV recently held a Governance & Integrity Day on May 13 in efforts to drive better

governance and integrity culture as well as enhance awareness amongst the employees on anti-corruption practices applied in FGV.

The Day kick-started with a speech from the Head of Group Governance cum Chairman of the Governance and Integrity Day Committee, Dato 'Abdul Wahab Abdul Aziz and later followed by the launch of three related documents; "Corporate Governance & Business Integrity Blueprint", "Governance, Integrity & Anti-Corruption Manual" and "Anti-Bribery Management Systems (ABMS)", officiated by the Group Chairman, Azhar Abdul Hamid, Chairman of the Board Governance & Risk Management Committee, Dato' Yusli Mohamed Yusoff, and Group Chief Executive Officer, Dato' Haris Fadzilah Hassan.

FGV employees were also given further exposure on the importance of good governance and integrity through exhibitions by the Malaysian Anti-Corruption Commission (Community Education), Malaysia Prisons Department and a 'Clinic' by FGV Group Governance Division that provided consultation on issues, procedures, policies, complaints and others relating to governance and integrity.

The program then continued with a talk on Corporate Liability and ABM by SPRM and SIRIM for the Board of Directors of FGV and MSM together with the Top Management of FGV. A talk entitled 'Penghayatan Integriti di Bulan Ramadan' was also organised for all Muslim employees.

It is hoped that through these continuous efforts, FGV is able to further enhance the Group's performance and excellence with better governance and integrity moving forward.
