

FGV Kicks Off National Day and Malaysia Day Campaign

In celebrating the nation's National Day and Malaysia Day, Felda Global Ventures Holdings Berhad (FGV) is proud to launch a campaign to commemorate and celebrate Malaysia's progress and independence.

With the theme "Negaraku Sehati Sejiwa", FGV hopes to boost up the spirit of patriotism and the love for the country amongst all Malaysians.

FGV's Officer-in-Charge, Dato' Khairil Anuar Aziz said FGV's history is closely linked to FELDA and the development of the country since its independence.

"FGV will continue to contribute to the country's progress. As a responsible corporate entity, FGV's success would translate into benefits for its shareholders especially FELDA and its settlers as well as the public at large," he said.

The public can also join in FGV's campaign by participating in this nationwide contest, searching for the best decorated homes with a patriotic theme, which is publicised through all of FGV's social media channels. The contest offers online shopping vouchers of up to RM4,200 and runs until 22 September 2017.

On Malaysia Day, FGV would be collaborating with Forest Research Institute of Malaysia (FRIM) to conduct a tree planting programme as part of its CSR activities to support environmental causes.
